

Today I am going to Manahan's Fall Festival!

When I arrive someone friendly from Manahan will help me find a parking space.

Entertainment

Vendors

After I park I won't need to go very far to see all the activities available to me! If I'm feeling overwhelmed I can get a map for the event.

If I need accommodations, I can visit the accommodations table. I can get a sensory map, sensory bag, or ask other questions I might have.

When I am ready, I can walk around and do lots of fun activities!
I will see a lot of Halloween decorations, people in costumes, and other themed items.

While I am exploring there will be performers at the event walking around. I can interact with them if I want to!

I can go trick-or-treating here! I can walk the path and collect different treats from all the decorated trunks.

I will see different vendors selling food or other items. I might not be able to buy things today and that is okay.

I might do a lot of walking today. I can take breaks if I am tired and need to rest.

There will be a lot of musicians playing music. If I want to, I can listen to them until I am ready to do another activity

Sometimes I will need to wait in a line to participate in an activity. I can wait patiently or I can come back when it is not as busy.

I am now ready to visit Manahan's Fall Festival and Trunk-or-Treat
